

Women in the labor force since 1920

Top 10 occupations employing the largest number of women: 2018

Number of women in the labor force

Share of women employed in top 10 occupations

Notes: Occupation estimates include women ages 16 and over in the labor force (1920) and civilian employed women ages 16 and over (1930-2018). The classification of occupations changes every 10 years. Occupation categories are not strictly comparable over time. Operatives were primarily employed in manufacturing. n.e.c.= not elsewhere classified
